Prepositions Vocabulary

September 30 - October 4, 2013

This next week we will be learning about basic Prepositions (in, out, on, under, behind, etc.). These are our high frequency vocabulary words. Please practice these words with your child as often as possible, during the unit. After the completion of the unit, please continue to build this vocabulary by incorporating it into your times together, as often as appropriately possible. This reinforcement of the vocabulary words they are learning will help them begin to use them in their own communication. You can use practically anything around the house or when you're out and about to practice prepositions with your child!
