

## Community Helpers Unit Vocabulary

October 7 - 11, 2013

For this next unit we will be learning about community helpers and different jobs people have that help us. We will be reading a variety of books about community helpers, such as firefighters, police officers, doctors, teachers, and more! These are our high frequency vocabulary words. Please practice these words with your child as often as possible during the unit. After the completion of the unit, please continue to build this vocabulary by incorporating it into your times together, as often as appropriately possible. This reinforcement of the vocabulary words they are learning will help them begin to use them in their own communication. We encourage you to read and discuss books about these different community helpers to your child every night!
